

# Webinar - ZNAK/NSK

## 11.4.2024.

# Važnost uporabe identifikatora i njihov utjecaj na vidljivost i citiranost znanstvenih radova

**PREDAVAČICE:**  
**IVANA MATIJEVIĆ, ANJA MAJSTOROVIĆ**  
**NACIONALNA I SVEUČILIŠNA KNJIŽNICA U ZAGREBU**

# Identifikatori u svakodnevnom životu

# Što su identifikatori?

Jedinstveni i trajni; engl. Persistent Identifiers (PIPs)

**Definicija:** trajna poveznica na neki objekt (dokument, datoteku, mrežnu stranicu itd.) - poveznica na sam objekt ili na njegove metapodatke

**Osnovna svrha:** pružiti informacije potrebne za njegovu pouzdanu identifikaciju, provjeru i lociranje  
[\(OpenAIRE\)](#)

“Tradicionalni” bibliografski identifikatori - ISSN, ISBN, ISMN, ...  
“Novi” identifikatori nastali kako bi odgovorili na izazove interneta (neprestano mijenja i otežava održavanje zapisa postojanosti digitalnih objekata - error 404)

Omogućuju različitim platformama dosljednu i nedvosmislenu razmjenu informacija i time pružaju pouzdan način praćenja citata i ponovne upotrebe

[\(CERN SIS\)](#)

**Temeljni gradivni element znanstvene informacijske infrastrukture**

# Vrste identifikatora u znanosti

**Identifikatori osoba  
(znanstvenika, suradnika)**  
ORCID, ISNI, ResearcherID, Scopus  
ID, ...

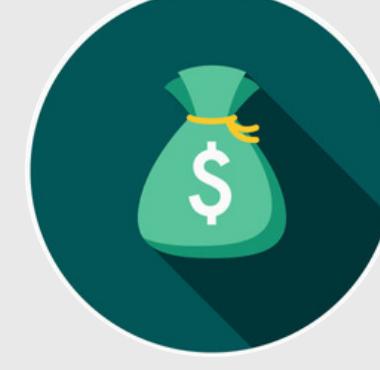

**Identifikatori objekata  
(publikacije, istraživački  
podaci, softver, ...)**  
DOI, URN, ARK, Handle, RRID,  
IGSN, PURL, ...

**Identifikatori organizacija**  
ROR, GRID, ISNI, Ringgold ID, LEI,  
Funder ID, ...

**Identifikatori projekata**  
RAiD, ...

**Identifikatori potpora  
(grantova)**  
Grant ID i FundRef (Crossref)

**Otvoreni identifikatori**  
interoperabilni s drugim sustavima (Crossref,  
DataCite, ORCID, DOI, ...)

**Identifikatori u komercijalnom vlasništvu**  
unutar jedne organizacije  
(ResearcherID, Scopus ID, ...)

**Lokalni identifikatori** za pojedinačnu organizaciju (npr.  
identifikatori u sustavu kadrovske službe jedne ustanove)

**Nacionalni identifikatori** sustava pojedinih zemalja

**Međunarodni / globalni identifikatori**  
(svi prethodno navedeni)

# Značajke kvalitetnih identifikatora

**Razrješivost** - URL-ovi ili se mogu transformirati u URL-ove, koji povezuju izravno ili na digitalni dokument ili na čitljivu odredišnu mrežnu stranicu

**FAIR metapodaci** - otvoreni, interoperabilni, dobro definirani metapodaci koji sadrže informacije o porijeklu na predvidljiv način, npr. dobar primjer je DOI pod CC0 licencom

**F**indable - lako pronađenje  
**A**ccessible - dostupnost  
**I**nteroperable - interoperabilnost  
**R**eusable - ponovna upotreba

**Kvalitetna PID infrastruktura:** <https://upstream.force11.org/desirable-characteristics-for-persistent-identifiers/>

# Prednosti korištenja identifikatora

“

**Povezivanjem različitih identifikatora povećava se povjerenje u istraživanja i znanost i osigurava transparentnost izvora informacija**

Meadows, A., UKSG

1

## Prednosti za znanstvenike

- Značajna ušteda vremena na administraciju
- Uvelike smanjen rizik od pogrešaka
- Prepoznavanje različitih doprinosa znanstvenoga rada i istraživanja (ne samo publikacija)
- Lakše praćenje citata i bolja vidljivost rada
- Priznavanje autorstva za radove koji (još) nisu objavljeni (npr. izlaganja i posteri)
- Potpore otvorenom postupku recenzije

2

## Prednosti za organizacije i šиру javnost

- Financijeri mogu lakše identificirati i pratiti rezultate istraživanja proizašle iz svojih potpora
- Ustanove mogu lakše povezati svoje djelatnike s njihovim trenutnim i prošlim afilijacijama, što je važno za (re)akreditacije, izbore na radna mjesta i dr.
- Omogućuju izdavačima udovoljavanje zahtjevima financijera za otvoreni pristup radu

# 3

## Prednosti za uredništva i izdavače publikacija

Značajna ušteda vremena na administraciji - kompatibilnost s drugim sustavima (npr. Plugin za Open Journal System (OJS): Crossref, DOI, ORCiD, ROR, ...)

Uvelike smanjen rizik od pogrešaka

Priznavanje autorstva / doprinosa pojedinog autora / razlikuje rad autora od radova ostalih kolega, što je važno i za transparentni postupak vrednovanja i potporu otvorenim recenzijama rada

Lakša provjera valjanosti pristiglih rukopisa; omogućuje uredništvima i recenzentima osiguranje standarda i očuvanje znanstvenog integriteta

Potpore otvorenoj znanosti; udovoljavanje zahtjevima financijera za otvoreni pristup radu

Lakše praćenje citata i bolja vidljivost rada / publikacije

# Međunarodne inicijative i nacionalne strategije

## Nacionalne PID strategije

Australija, Češka, Finska, Južna Koreja, Kanada, Nizozemska, Novi Zeland, Njemačka, Sjedinjene Američke Države, Ujedinjeno Kraljevstvo, ...

RDA (Research Data Alliance) National PID Strategies Interest Group

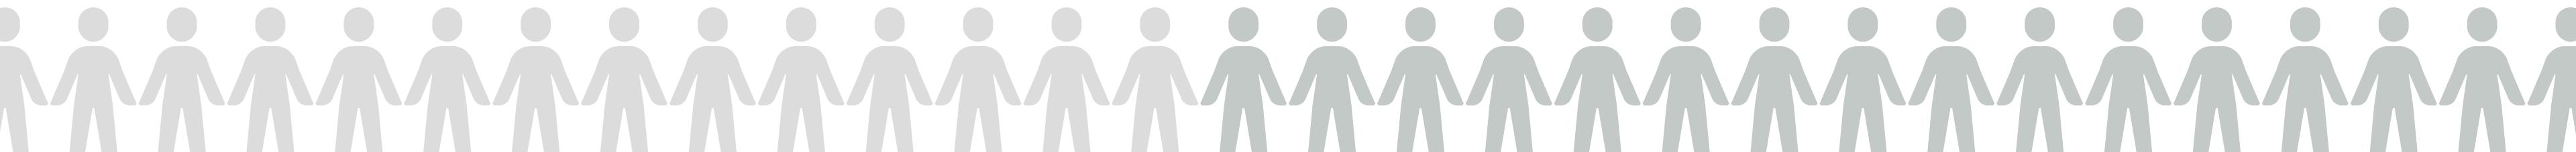

## Međunarodne inicijative

A Persistent Identifier (PID) policy for the European Open Science Cloud (EOSC): Report from the European Open Science Cloud FAIR and Architecture Working Groups (2020)

PIDfest, 11.-13.6.2024., National Library of Technology, Prague, Czech Republic

The National Information Standards Organization (NISO)

...

# (Digital Object Identifier)

- digitalni identifikator objekta - fizičkog, digitalnog ili apstraktnog
- jedinstveni broj sastavljen od prefiksa i sufiksa odvojenih kosom crtom

## prefiks / sufiks

10.1234

povezan s izdavačem ili organizacijom

1234567890123-1

strojno čitljiv broj jedinstven i povezan s  
točno određenim radom kojem je dodijeljen

- registracijske agencije: Crossref i DataCite

# Prednosti korištenja DOI identifikatora

Skup podataka koji uključuje ime objekta ali i poveznicu na njegovu lokaciju (adresu) + druge metapodatke ključne za identifikaciju i opis objekta

Vodi do objekta bez obzira na promjenu vlasništva i/ili fizičke lokacije servera

Omogućuje dinamičnost sadržaja i objekata

DOI naziv može biti izražen i kao URI, što mu omogućuje veću interoperabilnost

Pretraživ na WoS platformi: Documents Search - DOI ili string DO= i Scopus bazi: Documents Search - DOI ili string DOI()

# Hrvatski ured za DOI

- Portal [doi.nsk.hr](http://doi.nsk.hr)
- <https://nsk.hr/nakladnici/hrvatski-ured-za-doi/>
- nacionalni registracijski ured koji u ime Nacionalne i sveučilišne knjižnice u Zagrebu posreduje između hrvatskih nakladnika znanstvenih i znanstveno-stručnih časopisa i međunarodne registracijske agencije za znanstvene sadržaje – Crossref pri dodjeli DOI-ja online znanstvenim i znanstveno-stručnim časopisima i njihovim člancima
- **uloga:** upravljanje administracijom - učlanjenje, plaćanje računa u ime izdavača, osiguranje tehničke podrške i promidžba sustava

# Modeli suradnje NSK i izdavača časopisa

- 1** izdavač koristi tehničku podršku za izračun i jedinstvenost sufiksa, dostavu metapodataka i registraciju DOI-ja, osvremenjivanje metapodatka i URL-a Hrvatskoga ureda za DOI
- 2** izdavač preuzima brigu o izračunu i jedinstvenosti sufiksa, ali koristi tehničku podršku Hrvatskoga ureda za DOI za dostavu metapodataka i registraciju DOI-ja, osvremenjivanje metapodatka i URL-a
- 3** izdavač koristi vlastito tehničko rješenje za izračun i jedinstvenost sufiksa, slanj metapodataka i registraciju DOI-ja, osvremenjivanje metapodatka i URL-a

Troškove godišnje članarine u Crossrefu, pojedinačnih registracija DOI-ja za članke godišta u tekućoj kalendarskoj godini i godišnje članarine usluge provjere izvornosti rada osigurava Ministarstvo znanosti i obrazovanja Republike Hrvatske. Sve dodatne troškove i usluge Crossrefa osigurava izdavač.

# Prikaz DOI-ja

Sažetak

Cilj. Cilj ovoga rada jest analizirati i istražiti citatnu aktivnost publiciranih radova Vjesnika bibliotekara Hrvatske unutar baze Scopus u kojoj je

# Primjeri citiranja DOI-ja u radovima

- moguće korištenje samo DOI oznake ili hiperlinka

**npr. APA stil:** Autor, X., & Autor, Y. (Datum publikacije). Naslov rada. Naziv časopisa, volumen, broj stranica. <https://doi.org/10.0000/0000>

**npr. MLA stil:** Autor X, Autor Y. "Naslov rada." Naziv časopisa, vol. #, br. #, datum, str. x-y. Naziv baze, doi: 10.0000/000000000.

# ROR (Research Organization Registry)

- međunarodni registar otvorenih, trajnih i javnih identifikatora za istraživačke organizacije
- nastao u suradnji California Digital Library, Crossrefa i DataCite organizacija
- omogućava razjašnjavanje naziva institucija i povezivanje istraživačkih organizacija s njihovim istraživačima i istraživačkim rezultatima
- promatra organizacije kao promjenjive entitete - mijenjaju nazive, spajaju se, dijele, gase
- kompatibilan je s Crossref i DataCite DOI sustavima, ORCID-om

# Profil institucije

Connecting Research  
and Researchers

- Open Researcher and Contributor ID
- šesnaestoznamenkasti alfanumerički kod za jedinstvenu identifikaciju znanstvenih i akademskih autora
- rješava globalni problem jedinstvene identifikacije istraživača
- omogućuje istraživačima da održavaju jasan i trajan zapis o svojim znanstvenim doprinosima

# Namjena ORCID identifikatora

osiguravanje  
točnog priznanja  
znanstvenih  
doprinosa

smanjenje  
zabune oko  
istovjetnih  
imena

olakšavanje  
suradnje i  
komunikacije u  
globalnoj  
znanstvenoj  
zajednici

# Prednosti ORCID identifikatora

## JEDINSTVENOST

svaki istraživač ima svoj jedinstveni ORCID

## POVEZIVANJE

omogućuje lako povezivanje s publikacijama, projektima i afilijacijama

## GLOBALNA PRIHVAĆENOST

prepoznat i prihvaćen širom svijeta

## POVEĆANA VIDLJIVOST

pomaže u praćenju istraživačkih aktivnosti

## INTEGRACIJA

podržava integraciju s mnogim platformama i bazama podataka

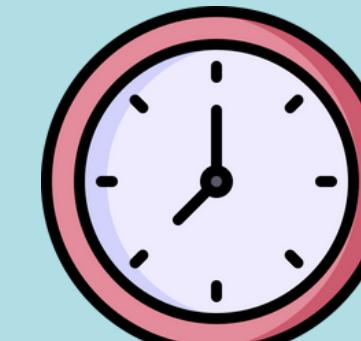

# Što sve omogućuje?

pouzdano povezuje  
znanstvenika  
s njegovim radovima,  
afilijacijama i  
nagradama

upravljanje  
dostupnim  
znanstvenim i  
osobnim  
informacijama

štedi vrijeme

olakšava priznanje  
znanstvenika i  
njegovog rada u  
akademskom okruženju

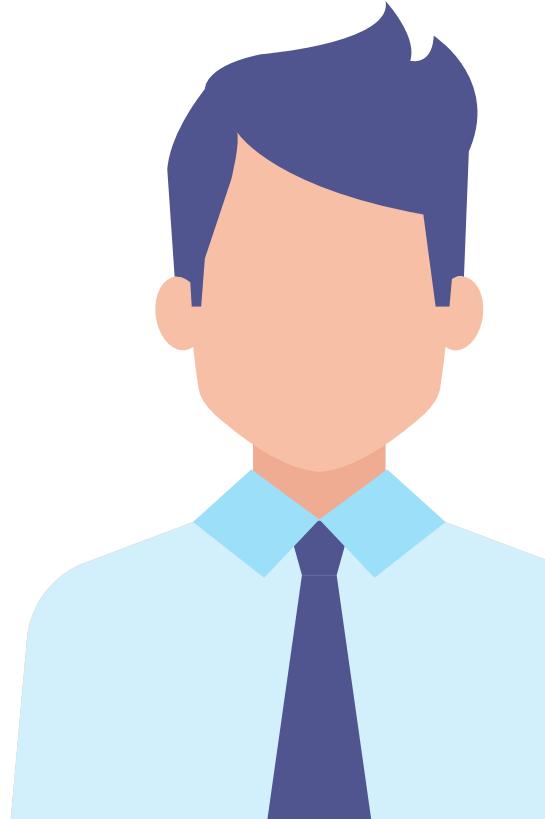

besplatna  
registracija i  
korištenje

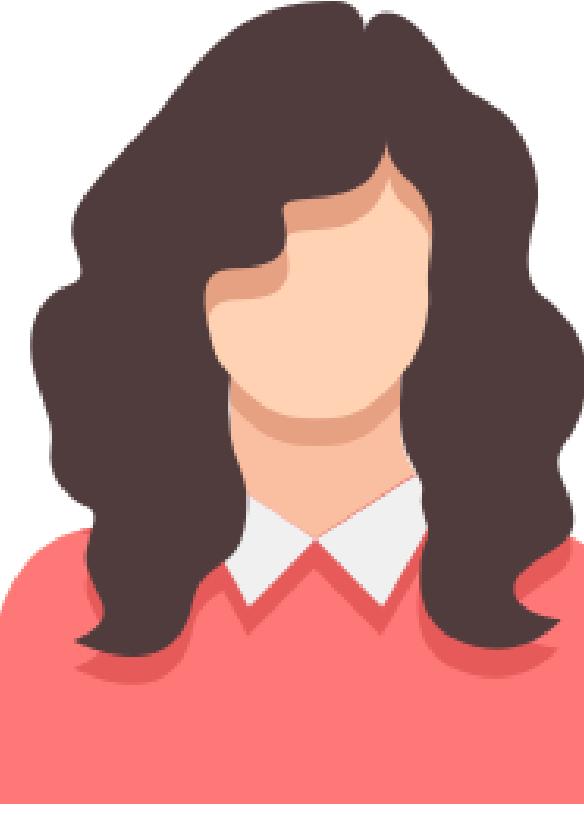

- rješava problem nejedinstvenosti i nezaštićenosti objavljivanja publikacija samo pod imenom i prezimenom autora

# Kako dobiti ORCID broj?

1. Posjetite [www.orcid.org](http://www.orcid.org)
2. Kliknite na 'Registrirajte se sada'
3. Popunite svoje podatke
4. Aktivirajte svoj račun

REGISTER

Get your unique ORCID identifier. It's free and only takes a minute, so [register now!](#)

USE YOUR ORCID ID

Use your iD, when prompted, in systems and platforms from grant application to manuscript submission and beyond, to ensure you get credit for your contributions.

SHARE YOUR ORCID iD

The more information connected to your ORCID record, the more you'll benefit from sharing your iD - so give the organizations you trust permission to update your record as well as adding your affiliations, emails, other names you're known by, and more.

## Create your ORCID iD

Step 1 of 5 - Names and emails

Per ORCID's [terms of use](#), you may only register for an ORCID iD for yourself. Already have an ORCID iD? [Sign In](#)

### Your names

#### Given names

The names you most commonly go by

#### Family names (Optional)

Your family name or surname

### Your email addresses

#### Primary email

The email address you use most

Confirm primary email

#### Additional email (Optional)

Add an additional email

## Dodavanje radova

- autori dobivaju e-mail od Hrčka koji ih vodi kroz postupak povezivanja rada u Hrčku s njihovim ORCID profilom
- autor se prijavljuje u svoj ORCID profil
- ORCID registar automatski Hrčku dostavlja autorov ORCID identifikator

- uredništva moraju unijeti važeću e-mail adresu barem jednog autora rada
- uredništva trebaju autorima preporučiti posjedovanje ORCID identifikatora i preporučiti unosa identifikatora u Hrčak nakon objave rada

---

### Journal of Global Health Economics and Policy

Vol. 1, 2021

---

#### Background

The aim of this study was to assess the bibliometric output related to health economics from 2000 to 2020.

#### Methods

Published papers that were indexed in Pubmed were enumerated and later stratified by regions.

#### Results

A declining publication trend was observed, with the most articles recorded in 2015, followed by a steady decline ever since. From 2015 to 2020, as many as 42 thousand articles less was published compared to the projected trend of growth recorded from 2000 to 2015. This decline was the strongest for articles related to Europe and the Americas, while articles related to Africa, Asia, and Australia were rising.

#### Conclusions

A steady decline of health economics research output was observed during the past five years, which was to a degree negated by the rising output from the low- and middle-income countries.

Understanding any research field often begins with a generalized search, where some of the first questions are often related to research publication output. Our fascination with this metric stems from the “publish or perish paradigm”,<sup>1</sup> regardless on the downsides of this approach.<sup>2,3</sup> This kind of analysis enables not only broad insight, but can further describe trends useful in critical analysis of the research field.<sup>4,5</sup>

Previous analysis of the field of health economics reported very favourable patterns, and suggested likely pathways of development, published in the January of 2016.<sup>6</sup> However, the situation seems to have changed. During 2000-2020 there were just over a million articles indexed by PubMed (<https://pubmed.ncbi.nlm.nih.gov/>), which had

of all articles in 2000, this percentage had declined to only 3% in 2020. Although one might argue that 2020 is indeed a special case due to the COVID-19 pandemic, the decline is clearly seen even in the years preceding this. Actually, if we consider the years 2000-2015 as the referent ones, it is possible to calculate the projected number of articles in a linear projection model. Such a model has an R<sup>2</sup> of 0.99, and suggests that the predicted number of published articles during 2016-2020 should be slightly over 333 thousand articles, while only 291 thousand articles were published during this period. This means that the field of health economics had a net loss of over 42 thousand articles, just during these five years ([Table 1](#), column *predicted*). The year 2020 is even more worrying, since by adding another keyword, COVID

**Biography**

Science Nature is an international inventor journal from the east of the earth sustained by editorial board selected from 5 earthly continents.

Science Nature office is currently located at Pattimura University in Ambon city of Maluku province of over 1344 small islands, Eastern part of Indonesia country. Science Nature was founded by Prof. Hendry Izaac Elim, Ph.D in December 2018 according to its first issue publications with the first 5 articles.

In the beginning, Science Nature published 4 issues in each volume annually. Since the COVID-19 pandemics on earth in 2020, Science Nature ONLY published one paper in each issue solely contributed by integrated laboratory (i-LAB) lead by Prof. Elim at Pattimura university.

Because of such long term trouble in earth due to the mutation of covid-19 viruses in the beginning of year 2021 as well as the bad impacts of Russian-Ukraine problem in February 2022, Science Nature decided to limit her publications to 2 issues of 1 Volume in a year.

It shall be noted that the motto of Science Nature is as follows:

"Our excellent wisdom is from our Spirit, and our excellent knowledge is from our soul".

- ORCID identifikator je ključan alat za istraživače koji omogućuje jasnu i točnu identifikaciju kroz cijelu znanstvenu karijeru
- potiče transparentnost, olakšava suradnju i povećava vidljivost znanstvenog rada
- svatko tko sudjeluje u istraživačkom procesu trebao bi razmotriti registraciju ORCID identifikatora

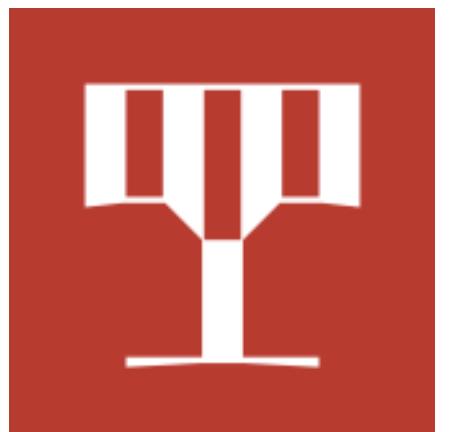

Registrirajte se, povežite svoje radove i iskoristite prednosti globalne znanstvene identifikacije.
